◇ PROBLEM

Although they're globally adopted, the traditional money transaction methods used currently come with a few issues and disadvantages, such as:

- **High fee:** users of traditional money transaction methods get charged a high fee whenever they make a transaction, especially international ones. Also, software and hardware devices' maintenance and warranty costs prove to be even more expensive.
- **Transactions latency:** Transferring money among different banks or even different nations is time consuming, which can be an issue in business deals that needs to be closed immediately.
- **Administrative barriers:** Administrative barriers is an issue that does usually presents itself whenever a client wishes to make a transaction from one bank to another.

◇ SOLUTION

BTD Coin is an advanced solution that allows its users access to a simpler, safer and faster transaction method. With the solution not being restricted to any specific field, users with different professions can take advantage of BTD Coin for their own specific use cases (business, travel,...etc).

BTD Coin provides users with a global money transaction method that is not only fast in terms of operations, but also absolutely safe and with low transaction fees. You can use BTD Coin for different use cases: money transfer, buying/selling goods and services across the globe, with minimal fees and within seconds.

No more red tape and no more annoying bank procedures. BTD Coin allows you access to the most user-friendly application, especially payment transactions via smartphone apps.

BTD Coin relies on a peer-to-peer architecture for our electronic monetary system that is based on cryptography, like Bitcoin yet unlike Bitcoin. It exhibits properties similar to physical currencies (BTD as dollars or coins). However, BTD Coin is different in the sense that it allows immediate transactions and borderless transfer-of-ownership.

As all the payments are processed through secured servers, users don't need to worry about any potential risk. It is a user- friendly system that you can completely control and use reliably. Our system is vastly superior to the similar existing systems with the ability to protect its users from potential threats. It is also user-friendly, and allow the confirmation of legitimate transactions.

BTD Coin is accessible and available wherever and whenever you are in need, no limits, no boundaries, which means you can purchase or sell products and services, transfer money to your family and friends at an extremely low cost, by an instant confirmation network, without any interruption. ◇ ROAD MAP

Each step in the roadmap demonstrates our commitment and effort to ensure that everything would be done correctly at the right time, so that we could timely provide platforms for members to do their business, their money transaction or investment. This road map would provide you with the most user friendly way to use BTD Coin. Here are the steps:

◇ ICO

ICO is a mean of crowdfunding that enables BTD Coin to fund our activities, including building and developing our core team, the ecosystem for our apps, and running marketing campaigns so that BTD Coin brand-awareness and reputation would be successfully built. The sooner the investors buy BTD Coin, the higher earning potentials they would gain, both in the short and the long term. In the short term, the price would increase rapidly right after ICO, and you could earn money through Trading, Lending, Staking or Mining program.

There are several ways to earn profits with BTD Coin, and buying ICO coin at the best price enables you to optimize your investment. Therefore, you should not miss any latest information about ICO calendar, so that you can be among the first individuals who could buy the coin with the best price. After ICO ends, an internal trading door will be opened so that you can buy and sell your ICO coins. It is also the time in which you could earn a great profit, and you could do that by either holding your coins for lending and staking or simply by selling them to earn profits.

How to earn profit with Trading?

- **Step 1:** Register your account at Bitroad.io
- **Step 2:** Deposit BTC or ETH and then you can exchange them for BTD.
- **Step 3:** Start trading with BTD then earn profit.

BTD Exchange is always available to meet your trading demand, you can trade BTD on BTD Exchange or other exchanges, especially with our partners.

How to earn profit with Lending?

- **Step 1:** Register your account at Bitroad.io.
- **Step 2:** Deposit BTC or ETH and then you can buy BTD.
- **Step 3:** You are lending with BTD Coin and earning profit every day. These profits can rise to up to 45% per month.

Lending pack would guarantee your daily profit. The monthly profit can be up to 45% and the annual profit is extremely significant too, which would guarantee you a considerable increase in investment assets in the long run. For most people, securing a profit up to 45% monthly is not easy at all. So BTD Coin Lending program is the gateway to your financial success.

How to earn profit with Staking?

- **Step 1:** Register your account with Bitroad.io.
- **Step 2:** Deposit BTC or ETH, then you can buy BTD.
- **Step 3:** Deposit BTD in Linux, Windows or Mac Wallet. Your profit depends on the quantity of BTD that you have deposited.

Why can you earn profit from Staking?

BTD Coin's blockchain technology will give you bonus when you hold your coin, and this coin will be used to stake. It is a way to confirm transactions for the system, the more you keep BTD Coin, the more bonus you earn from Staking. However, if you just hold your coin in your wallet over time, and your coins are not used for Staking, you could miss substantial benefit. So if you have BTD Coin that you are not involved in lending or trading, then you should definitely aim at staking. With BTD Coin, you are always guaranteed to earn profit in one way or another. We offer specific instructions of staking on our website, so if you are really interested in Staking, please visit our website for more details.

How to earn profit with Mining?

Mining BTD Coin also brings you huge benefits, by investing in hardware (CPU/GPU) and using POW to mine BTD Coin. BTD mining can be done as the following:

-
- **Step 1:** BTD Coin can be mined with CPU/GPU.
 - **Step 2:** Download miner to mine BTD Coin.
 - **Step 3:** Start BTD Coin Mining.

With each block being mined you will get 50 BTD, you can choose between solo mining or pool mining, for more pool mining information, please visit our website Bitroad.io.

You can trade and make profit on the BTD Exchange. Right after the ICO, we will open BTD Exchange so you can trade and buy BTD Coin. You can also trade through our partner doors. The partner doors will be introduced after the ICO.
